**FOR IMMEDIATE RELEASE**

# Camden County Emergency Management Agency Releases 2021 Hurricane Guide

**WOODBINE, GEORGIA – June 1, 2021** — Camden County’s Emergency Management Agency (EMA) has released its 2021 Hurricane Guide. The online guide, available on Camden County’s website at [camdencountyga.gov/HurricaneGuide](http://camdencountyga.gov/HurricaneGuide), has information to help local residents prepare for hurricane season.

“Even though we received little impact from the record-breaking 2020 season, as a coastal community it is vital for Camden County residents to take a proactive approach to hurricane planning and preparedness measures,” said Emergency Management Director Chuck White. “The 2021 Hurricane Season is anticipated to have above-normal activity and this guide has valuable information to help citizens learn more about what they can do to better prepare for this year’s hurricane season.”

Included in the guide is information about the 2021 Hurricane Forecast, preparing for hurricanes, CodeRED, and information about the new online citizen damage reporter. Additionally, there is information about hurricane hazards and the Camden County Health Department’s Functional, Access, or Medical Needs Hurricane Registry.

**About Camden County Emergency Management Agency (EMA):** The EMA is responsible for the management of all emergency preparedness program areas within the County. Using the provisions of Georgia statutes, the Agency is responsible for developing and implementing comprehensive Disaster planning, Mitigation, and Response activities within Camden County. Additionally, the Agency also develops and maintains emergency plans for all types of natural and man-made hazards, and provides the analysis and recommendations necessary to make decisions that will effectively save lives and protect property in such emergencies.
