FOR IMMEDIATE RELEASE

Camden County Unveils New Mobile App

WOODBINE, GEORGIA – April 19, 2016 – The Camden County Board of Commissioners is excited to announce the unveiling of the new Camden County mobile app. The formalization of this new County mobile app is an important step to bringing our residents an advanced connectivity and transparency to our county government. In addition, expanded communications with our citizens is a top objective in our Strategic Plan to provide exceptional value and service to Camden residents.

The days of standing in line at a municipal building or waiting on hold to make a service request is shifting with the advent of technologies that give citizens easier access to their municipalities. This new and easy-to-use app will transform the way residents and visitors interact with local government offices in Camden County. The app was developed with our website partner CivicPlus and works seamlessly with the website design to provide consistent, comprehensive and real-time information to our users. Updates to our website's content are automatically synced to the app in real-time. While the current county website is completely mobile-friendly, this app takes technology and customer-service to the next level by providing quick access to the county's most popular content.

Just some of the amazing features available on the new app include easy access to our current calendar of events, notify me to subscribe to receive periodic notifications regarding what's most important to you about Camden County, direct links to the county's social media, a full staff directory, meeting agendas, annual reports, strategic plans, parks and recreation and online bill pay, where a resident can pay traffic tickets, car tags, and property taxes all with the push of a button.

"A mobile app is a great communication tool for us to interact with our on-the-go citizens the way most people in the modern world want to receive information," said County Administrator Steve Howard. "The app provides information that is brief, easy to acquire, and immediate. It is another way to meet the public consumption needs of our community and is a great asset for our residents." Citizens can remain informed instantly with push notifications, where they can view specific content that truly matters most to them, in a highly visible and easily accessible format.

Camden County Board of Commissioners are very proud to offer this free mobile app. The app provides a connection between Camden County, our citizens, community leaders, businesses and visitors. Enjoy convenient access to your local county government programs, information and services.

"Leadership that Listens"

STEVE L. HOWARD
County Administrator

JOHN S. MYERS
County Attorney

WILLIS R. KEENE JR.
Commissioner, District 1

CHUCK CLARK
Commissioner, District 2

JIMMY STARLINE
Commissioner, District 3

GARY BLOUNT
Commissioner, District 4

TONY SHEPPARD
Commissioner, District 5

Whether a Camden County resident or just a visitor to our beautiful coastal community, this app will provide you with access to community news, events, emergency alerts, and so much more. The community is encouraged to download the app at either Google Play for Android devices or through the Apple Online Store for iPhone devices. Simply search Camden County and download the app to get started. The links are provided below:
